SUBJECT: 2022 Classification of Counties

DocuSigned by:

DCA2D2A1284C454...

Attached is the revised classification of counties as of April 30, 2022. Per state statute 4-44-2, NMSA 1978, the Local Government Division is responsible to classify all counties within the state based upon population and net taxable property valuations. Reclassification becomes effective pursuant to this memorandum. Salary upgrades may not go into effect until July 1st, 2022 for newly elected officials.

County classification is important, as it may impact qualification for state or federal financial assistance and dictates the maximum salary levels of elected public officials. The 2022 Classification of Counties is only for the classification of salaries.
